

under consideration. The contention must be one which, if proven, would entitle the petitioner to relief. A petitioner who fails to file such a supplement which satisfied these requirements with respect to at least one contention will not be permitted to participate as a party.

Those permitted to intervene become parties to the proceeding, subject to any limitations in the order granting leave to intervene, and have the opportunity to participate fully in the conduct of the hearing.

A request for a hearing or a petition for leave to intervene must be filed with the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555, Attention: Docketing and Services Branch, or may be delivered to the Commission's Public Document Room, Gelman Building, 2120 L Street, NW, Washington, DC, by the above date. Where petitions are filed during the last ten (10) days of the notice period, it is requested that the petitioner promptly so inform the NRC by a toll-free telephone call to Western Union at 1-(800) 248-5100 (in Missouri 1-(800) 342-6700). The Western Union operator should be given Datagram Identification Number N1023 and the following message addressed to Dr. William D. Travers, Director, Spent Fuel Project Office, Office of Nuclear Material Safety and Safeguards; petitioner's name and telephone number; date petition was mailed; plant name; and publication date and page number of this Federal Register notice. A copy of the petition should also be sent to the Office of the General Counsel, U.S. Nuclear Regulatory Commission, Washington, DC 20555, and to Mr. Gary Johnson, Esq., Vice President, General Counsel, and Corporate Secretary, Northern States Power Company, 414 Nicollet Mall, Minneapolis, MN 55401.

Non-timely filings of petitions for leave to intervene, amended petitions, supplemental petitions, and/or requests for hearing will not be entertained absent a determination by the Commission, the presiding Officer, or the presiding Atomic Safety and Licensing Board that the petition and/or request should be granted based upon a balancing of the factors specified in 10 CFR 2.714(a)(1)(i)-(v) and 2.714(d).

For further details with respect to this action, see the application dated August 7, 1996, which is available for public inspection at the Commission's Public Document Room, 2120 L Street, NW, Washington, DC 20555, and at the local public document room at the Minneapolis Public Library, Technology and Science Department, 300 Nicollet

Mall, Minneapolis, MN 55401. The Commission's license and safety evaluation report, when issued, may be inspected at the above locations.

Dated at Rockville, Maryland, this 9th day of September 1996.

For the U.S. Nuclear Regulatory Commission.

William D. Travers,

Director, Spent Fuel Project Office, Office of Nuclear Material Safety and Safeguards.

Advisory Committee on Reactor Safeguards; Joint Meeting of the ACRS Subcommittees on Instrumentation and Control Systems and Computers and on Electrical Power Systems; Notice of Meeting

The ACRS Subcommittees on Instrumentation and Control Systems

and Computers and on Electrical Power Systems is scheduled to hold a joint meeting on October 8, 1996, Room T-2B3, 11545 Rockville Pike, Rockville, Maryland.

The meeting will be open to public attendance.

The agenda for the subject meeting shall be as follows: Tuesday, October 8, 1996—8:30 a.m. until the conclusion of business.

The Subcommittees will continue their review of the proposed Standard Review Plan Sections, Regulatory Guides, and Branch Technical Positions related to digital instrumentation and control systems. The Subcommittees will also review the status of NRC programs to address equipment vulnerabilities to lightning and other transients. The purpose of this meeting is to gather information, analyze relevant issues and facts, and to formulate proposed positions and actions, as appropriate, for deliberation by the full Committee.

Oral statements may be presented by members of the public with the concurrence of the Subcommittee Chairman; written statements will be accepted and made available to the Committee. Electronic recordings will be permitted only during those portions of the meeting that are open to the public, and questions may be asked only by members of the Subcommittees, their consultants, and staff. Persons desiring to make oral statements should notify the cognizant ACRS staff engineer named below five days prior to the meeting, if possible, so that appropriate arrangements can be made.

During the initial portion of the meeting, the Subcommittees, along with any of their consultants who may be present, may exchange preliminary views regarding matters to be considered during the balance of the meeting.

The Subcommittees will then hear presentations by and hold discussions with representatives of the NRC staff, its consultants, and other interested persons regarding this review.

Further information regarding topics to be discussed, whether the meeting has been cancelled or rescheduled, the Chairman's ruling on requests for the opportunity to present oral statements and the time allotted therefor can be obtained by contacting the cognizant ACRS staff engineer, Mr. Michael T. Markley (telephone 301/415-6885) between 7:30 a.m. and 4:15 p.m. (EDT). Persons planning to attend this meeting are urged to contact the above named individual one or two working days prior to the meeting to be advised of any
